

DISCO STAR

(With optional harmony)

- 1 Look to the sky, I'm shining down,
Just listen up and gather round.
Come on now and find the newborn King,
Follow me to Bethlehem.

CHORUS *Oh she's a disco star,
She will lead you right to Him, whoever you are.
Join the dance and follow her, your disco star,
Lift your eyes and see her shining,
Follow her light, wherever you are.*

INSTRUMENTAL

- 2 Look to the sky, I'm shining bright,
Just listen up and see the light.
Come on now and find the newborn King,
Follow me to Bethlehem.
