Imaginative Learning Project work	<b>Art</b> Have a look at some animal themed artwork. Some examples are shown below but you could find some of your own. Some questions to talk about are... <i>What subject have they used? What colours have been used? Can you see any shapes in the</i>	<b>Science</b> Explain we can group animals by what they eat. There are 3 different groups known as herbivore, carnivore and omnivore. Explain a herbivore is an animal who only eats plants and show examples of well- known herbivores.	<b>PE</b>  We will be enjoying some non-contact and non-equipment active time in the afternoon. Challenge: Can you bear crawl or duck walk around your garden?	<b>ART</b> Make a paper plate lion face!	Join in with our class Zoom Storytime- this week it is Mr Kane!

*piece? How have they made the art? How does the art make you feel?'*

Choose a favourite image that you think you could make your own version of. Decide which materials you would like to use. When the art work is complete, think about these questions..

What do you like about your work? What would you like to improve? What was tricky?

'What is a carnivore?'

Explain a carnivore is an animal which eats meat and show different examples of carnivores.

What is omnivore?. Explain an omnivore is an animal who eats both plants and animals. Explain humans are also omnivores.

Then have a go at sorting animals using either drawings, plastic animals or images.
