<b>Topic</b>	Seaside from Now and Then - we are looking at the differences between the beach now and how it was 50 years ago. Pollution, people, games, cars!		We are looking in depth at the seaside from around the UK. There are lots and we are looking at similarities and differences.		For our final day on the topic of seaside we are looking at the habitats inside the beaches. What animals can live on the beach? Rock pools? Sea?
