<p>Imaginative Learning Project work</p>	<p><u>Design Technology</u></p> <p>Design and make your own animal enclosure using your choice of materials. You could use junk modelling or lego. You could draw or paint it.</p> <p>What does your animal need in the enclosure to help it survive?</p>	<p><u>Science</u></p> <p>Try out some of these mini investigations. We are going to enjoy these in class!</p> <p>-Can you catch a worm like a bird? Children use their mouths to extract gummy worms from soil made of crushed up chocolate biscuits.</p> <p>-Can you fly like a bird? Jump off a elevated block onto a soft mat to see if you can fly.</p> <p>-Can you turn your head like an owl? Sit on a chair and try to turn your head as far as you can.</p> <p>-</p> <p>-Can you sniff like a dog? Children sniff different 'smelly' pots to find out what they are.</p>	<p><u>PE?</u></p> <p>Can you jump like a frog? Stand behind a line and jump as far as you can. Can you beat your record? How far did you jump? Can you measure it and tell us!</p>	<p>It is almost the end of Year 1! Tomorrow we will talk about our year when we meet for our final zoom catch up.</p> <p>Draw and write about your favourite part of Year 1 so you are ready to talk about this tomorrow. 😊</p>	<p>Join in with our class circle time & goodbye before the end of term.</p>
