

Pegasus Nursery Class

WOW what can we say, the children have settled in amazingly! We have welcomed back some children from summer term and we have had lots of new smiley faces joined us. Also, we have had some new teachers join us in Pegasus Class who you can see below.

If you ever need to contact your child's key worker please find their email addresses below. We will endeavour to reply within 48 hours.

Reminders

- All belongings to be named.
- Healthy packed lunch, no sweets or chocolate bars. Grapes need to be cut in half length ways.
- Siblings - please could we ask if you could drop off and collect nursery children before any older siblings as they can get really upset when seeing the other children being collected.
- Bags will be sent home daily. (Change of plan from our home visits.)
- Please could we have a family photo for the children's boards.
- Please do not pack items containing nuts-this part of school policy.

Little Visitors!

Unfortunately, head lice are extremely common amongst children, so it is important that you check your child's hair every week for any little visitors! It is best to wet your child's hair and apply lots of inexpensive hair conditioner, and then use a fine-toothed head lice comb.

If any head lice are discovered, please treat your child's hair. A pharmacist can advise you on an appropriate treatment.
