Our Curriculum Drivers

Every day is a little lifetime.

Make each day a day to remember...

Every day is a little lifetime. Make each day a day to remember.

As we journey together, we will learn to tread confidently towards the direction of our dreams. We are individual and unique but together we are complete.

We will respect each other regardless of gender, race or background. At Fairfields Primary School, we will learn to have the courage to pursue our dreams, knowing that nothing will stand between us and our goals.

With an open mind and an honest heart, we will break through the obstacles we face in order to succeed; remembering the journey is what makes us triumphant, not the destination.

Today is your day! Believe in yourself!

Achieve together, step by step!

Our Curriculum Drivers

Ambition

Belonging

Creativity

Ambition

We have an ambitious curriculum for all children that goes beyond the National Curriculum expectations (Continuous Provision, STEM, enrichment opportunities).

We want our children to have ambitious dreams and we equip them with the knowledge and skills to continue to achieve in the future.

Individual lessons are ambitious and stretch the children's imagination and we do not limit the possibilities .

Belonging

We are the beating heart of the community.

We teach the children about their local community of Fairfield, Stony Stratford and Milton Keynes, providing a bespoke curriculum to our cohort.

We teach children about places, cultures and communities from around the world and throughout history.

Creativity

We encourage children to think creatively.

We equip children with the skills to present their work in an imaginative way.

Our broad curriculum provides children with the opportunities to think outside the box, have new experiences and express their ideas in an innovative way.

The ABC of our Curriculum

The ABC drivers of our curriculum, **Ambition-Belonging-Creativity**, firmly underpin all areas of school life and this ensures our curriculum offer is enriched and personalised to our children, their families and our developing community.

Ambition 'We will learn to have the courage to pursue our dreams, knowing that nothing will stand between us and our goals.'	Belonging 'We are individual and unique but together we are complete. We will respect each other regardless of gender, race or background.'	Creativity 'Every day is a little lifetime. Make each day a day to remember. As we journey together, we will learn to tread confidently towards the direction of our dreams.'
<p>At Fairfield's Primary School we want to develop children's thirst for learning so they become children who are curious and inquisitive, don't give up and are ambitious enough to aspire to life's possibilities.</p> 	<p>At Fairfield's Primary School we see ourselves as the 'beating heart' of our developing community. A place where children learn and understand the importance of how communities can bring people together and create a sense of belonging. Through our new and diverse community, we want to broaden the children's horizons so they learn how to be tolerant and respectful of others.</p> 	<p>At Fairfield's Primary School we want our children to be creative, adventurous and confident, to explore uncertainty and be able to take and manage real risks by having fun and a little danger, through new and exciting experiences</p>
