

Lady Bird Heard

Foundation had a very exciting visit to Milton Keynes Theatre to watch a live show based on the famous book 'What the Ladybird heard' written by Julia Donaldson.

We travelled by coach and had a brilliant time watching the show!

We had been reading the book in school, so knew lots of the characters we saw on the stage.

In our foundation areas we linked our learning to the text- creating ladybirds, maps to catch the baddies in the story, role playing in our theatre area and writing about the characters in our literacy lessons.
