

## Look into our learning Spring Term one:

We have had a fun time learning about dinosaurs in Reception over the past 2 weeks. We have dipped into some nonfiction books and learnt some very interesting facts about dinosaurs. Did you know some dinosaurs are said to have actually had feathers on their backs?! What an interesting fact! WE also had a visit from a very cheeky T-Rex who turned our area upside down overnight to steal his egg back! We have also been celebrating Chinese New Year and Valentines in our role play area.
